# Words in Context — Part 3

Craft and Structure · Reading and Writing · 87 questions

3.1 9770f199-af07-4d33-97e9-37366cf8baa7 · Medium

In a 2022 study, Nicolás M. Morato and colleagues attempted to resolve a long-standing paradox: although water is critical to most reactions that enable life, during the earliest stages of Earth's history—when most of the planet's surface was covered by oceans—the presence of water likely _____blank the formation of proteins and other biomolecules that are found in all living organisms.

Which choice completes the text with the most logical and precise word or phrase?

A. reflected

B. hampered

C. imitated

D. exploited

3.2 70b8fe32-ad91-4e0a-9e70-fc607d6bda0d · Medium

The following text is adapted from Upton Sinclair's 1906 novel *The Jungle*. Marija is helping to manage her sister's wedding.

> It was [Marija's] task to see that all things went in due form, and after the best home traditions; and, flying wildly hither and thither, bowling every one out of the way, and scolding and exhorting all day with her tremendous voice, Marija was too eager to see that others conformed to the proprieties to consider them herself.

As used in the text, what does the word "consider" most nearly mean?

A. Take into account and follow

B. Admire steadily and praise

C. Come to a decision about

D. Have an opinion on

---

3.3 474df432-dad4-409f-9668-6060c937748a · Medium

Economist Jingting Fan argues that the effects of international trade may display spatial variation at sub-national levels. For instance, imported goods may reduce expenses for a country's average consumer, but for consumers living far from ports, high intranational transport costs could _____blank the price advantages associated with imports.

Which choice completes the text with the most logical and precise word or phrase?

A. nullify

B. denigrate

C. underestimate

D. misconstrue

---

3.4 f0d86904-3056-437a-b590-5363205a9d0d · Medium

Mineralogical differences are detectable in samples collected from two locations on the near-Earth asteroid Ryugu, but such differences may not indicate substantial compositional variations in the asteroid. Cosmochemist Kazuhide Nagashima and colleagues note that at the small scale of the samples, the distribution of minerals is unlikely to be _____blank.

Which choice completes the text with the most logical and precise word or phrase?

A. neglected

B. redundant

C. ongoing

D. uniform

---

3.5 f7fcd704-bad7-4808-a20a-4bf0ec5616d0 · Medium

In *Habitat Threshold*, Chamoru (Chamorro) poet Craig Santos Perez practices what he calls “recycling,” in which he preserves the syntactical and rhetorical structures of canonical poems but replaces their content to evoke current environmental issues. The form of these poems is thus _____blank to their meaning, inviting readers to consider how climate change alters ostensibly familiar experiences.

Which choice completes the text with the most logical and precise word or phrase?

A. antithetical

B. resigned

C. invulnerable

D. integral

---

3.6 d7c11206-1d75-4efc-b61f-5619e10f2743 · Medium

Recent measurements of the mass of the *W* boson (a subatomic particle) were notable not only for the mere fact that the particle's mass differed from expectations but for the _____blank of that difference: the measured mass of the *W* boson was seven standard deviations higher than predicted by the standard model of particle physics.

Which choice completes the text with the most logical and precise word or phrase?

A. cause

B. existence

C. implication

D. scale

---

3.7 5ab9e25c-d33b-480e-a713-c128b553594a · Medium

Bicycle sharing systems allow users to rent a bicycle at one location within a city and return it to any other designated location in that city, which can cause serious problems of bicycle supply and user demand within the city's system. Tohru Ikeguchi uses open-source data and statistical modeling to identify when a high number of users making one-way trips is likely to leave some locations within the system _____blank bicycles and other areas with insufficient supply.

Which choice completes the text with the most logical and precise word or phrase?

A. susceptible to

B. contingent on

C. saturated with

D. depleted of

---

3.8 edd110d7-6707-4876-9f5f-dfa02104e47f · Medium

Close analysis of the painting *Girl with a Flute,* long attributed to the seventeenth-century Dutch painter Johannes Vermeer, has revealed subtle deviations from the artist's signature techniques. These variations suggest that the work may be that of a student under Vermeer's tutelage—potentially _____blank our understanding of Vermeer as a solitary artist.

Which choice completes the text with the most logical and precise word or phrase?

A. negating

B. prefiguring

C. entrenching

D. substantiating

---

3.9 e19e6680-2fd3-48eb-8f9d-5928fc54106c · Medium

In 1776, the United States sent Benjamin Franklin to France to try to win the country's support in the United States' fight for independence from Great Britain. Franklin was very popular in France. This _____blank surely helped him to convince France to assist the United States.

Which choice completes the text with the most logical and precise word or phrase?

A. thoughtfulness

B. esteem

C. controversy

D. sincerity

---

3.10 85d23806-fd4e-4759-9e5e-193f65af44f8 · Medium

The artisans of the Igun Eronmwon guild in Benin City, Nigeria, typically _____blank the bronze- and brass-casting techniques that have been passed down through their families since the thirteenth century, but they don't strictly observe every tradition; for example, guild members now use air-conditioning motors instead of handheld bellows to help heat their forges.

Which choice completes the text with the most logical and precise word or phrase?

A. experiment with

B. adhere to

C. improve on

D. grapple with

---

3.11 17cf0e64-e921-4dbb-9d07-4a2e021ff5b2 · Medium

According to a team of neuroeconomists from the University of Zurich, ease of decision making may be linked to communication between two brain regions, the prefrontal cortex and the parietal cortex. Individuals tend to be more decisive if the information flow between the regions is intensified, whereas they make choices more slowly when information flow is _____blank.

Which choice completes the text with the most logical and precise word or phrase?

A. reduced

B. evaluated

C. determined

D. acquired

---

3.12 e73e5d84-44b1-4e72-a9c2-6fdd89275967 · Medium

Like the 1945 play it reimagines—Federico García Lorca's *The House of Bernarda Alba*—Marcus Gardley's 2014 play *The House That Will Not Stand* prominently features women. In both plays, the all-female cast _____blank an array of female characters, including a strong mother and several daughters dealing with individual struggles.

Which choice completes the text with the most logical and precise word or phrase?

A. engulfs

B. encourages

C. comprises

D. provokes

---

3.13 bc0218b4-fc24-46c5-9fc0-3093493ae435 · Medium

*The Illustrated History of San Mateo County,* published in 1878, features several illustrations by Grafton Tyler Brown showing the California county's farms, residences, and businesses. It was _____blank for a business to be featured, since being included suggested that a business was an important part of the community.

Which choice completes the text with the most logical and precise word or phrase?

A. risky

B. misleading

C. advantageous

D. unremarkable

---

3.14 a20b2ca0-69db-4750-ae47-4d37bd2c93c7 · Medium

The percentage of US forest land that a 2023 federal report identified as being either mature or old growth exceeds other recent estimates. Given how little _____blank there is among scientists regarding the scope of these categories, this discrepancy shouldn't be surprising: forest researchers regularly dispute one another's classifications.

Which choice completes the text with the most logical and precise word or phrase?

A. deliberation

B. vigilance

C. interest

D. consensus

---

3.15 ad5acd03-7c25-483b-bad4-5d848fddf21d · Medium

In a 2019 study, Jeremy Gunawardena and colleagues found that the single-celled protozoan *Stentor roeseli* not only uses strategies to escape irritating stimuli but also switches strategies when one fails. This evidence of protozoans sophisticatedly "changing their minds" demonstrates that single-celled organisms may not be limited to _____blank behaviors.

Which choice completes the text with the most logical and precise word or phrase?

A. aggressive

B. rudimentary

C. evolving

D. advantageous

---

3.16 507b9440-f15f-4cb8-968b-fb7b37fc0f74 · Medium

Birds sing to communicate over potentially great distances. For this reason, many researchers believe that birds in densely vegetated habitats generally sing at lower frequencies than birds living in comparatively sparse habitats, since dense vegetation tends to _____blank the distance that high-frequency sounds can travel.

Which choice completes the text with the most logical and precise word or phrase?

A. exceed

B. diminish

C. encompass

D. conceal

---

3.17 a1e8699f-954c-4f4e-b0ea-95f400636c11 · Medium

The recently observed gamma ray burst GRB 230307A lasted for 200 seconds, _____blank for a burst generated by the merger of neutron stars. Bursts caused by neutron mergers typically last fewer than 2 seconds.

Which choice completes the text with the most logical and precise word or phrase?

A. a coincidence

B. a reprieve

C. an incident

D. an oddity

---

3.18 185422af-1751-41bf-ad97-6fc8807cab0b · Medium

Science fiction has long served as a _____blank real-world technological advancements. Indeed, from Jules Verne's 1865 novel *From the Earth to the Moon* inspiring developments in aerospace engineering to the television show *Star Trek* sparking the design of the ancestor of today's smartphones, these narratives have spurred many actual innovations.

Which choice completes the text with the most logical and precise word or phrase?

A. constraint to

B. sponsor of

C. catalyst of

D. diversion from

---

3.19 2d3316e7-0698-4c60-bf30-9fbd363c2a15 · Medium

While most animals are incapable of passing somatic mutations—genetic alterations that arise in an organism's nonreproductive cells—on to their offspring, elkhorn coral (*Acropora palmata*) presents an intriguing _____blank: in a 2022 study, researchers found that elkhorn coral produced offspring that inherited somatic mutations from a parent.

Which choice completes the text with the most logical and precise word or phrase?

A. hypothesis

B. affinity

C. anomaly

D. corroboration

---

3.20 575dc2a9-68a2-4c57-80be-8e72eb84c207 · Medium

To develop a method for measuring snow depth with laser beams, NASA physicist Yongxiang Hu relied on _____blank; identifying broad similarities between two seemingly different phenomena, Hu used information about how ants move inside colonies to calculate how the particles of light that make up laser beams travel through snow.

Which choice completes the text with the most logical and precise word or phrase?

A. a collaboration

B. an accessory

C. a contradiction

D. an analogy

---

3.21 24e1b704-452c-4aee-9a4a-ed63134e1c83 · Medium

Some researchers believe that the genes that enable groundhogs and certain other mammals to hibernate through the winter by slowing their breathing and heart rates and lowering their body temperature may be _____blank in humans: present yet having essentially no effect on our bodily processes.

Which choice completes the text with the most logical and precise word or phrase?

A. decisive

B. lacking

C. variable

D. dormant

---

3.22 13e8c84b-e1c2-43b6-a7a2-bb284fb43c68 · Medium

Set in a world where science fiction tropes exist as everyday realities, Charles Yu's 2010 novel *How to Live Safely in a Science Fictional Universe* traces a time traveler's quest to find his father. Because the journey at the novel's center is so _____blank, with the protagonist ricocheting chaotically across time, the reader often wonders whether the pair will ever be reunited.

Which choice completes the text with the most logical and precise word or phrase?

A. haphazard

B. premeditated

C. inspirational

D. fruitless

---

3.23 270aa465-e0d8-43f8-b2f5-6a42058a1721 · Medium

In *Nature Poem* (2017), Kumeyaay poet Tommy Pico portrays his _____blank the natural world by honoring the centrality of nature within his tribe's traditional beliefs while simultaneously expressing his distaste for being in wilderness settings himself.

Which choice completes the text with the most logical and precise word or phrase?

A. responsiveness to

B. ambivalence toward

C. renunciation of

D. mastery over

---

3.24 2e39c6e2-51e8-4fa5-9d27-6da71b094057 · Medium

Drivers who strongly believe that the toll they must pay to use the Lewis and Clark Bridge, which spans the Ohio River to connect Indiana and Kentucky, is currently too high are unlikely to be _____blank a proposal to increase the toll. Advocates for a higher toll are likely to have more success if they instead direct their arguments toward a more persuadable segment of the population.

Which choice completes the text with the most logical and precise word or phrase?

A. receptive to

B. apprised of

C. incensed by

D. cited in

---

3.25 6e37a2f1-4f0d-4d0f-ac83-abf1598b8a21 · Medium

In addition to being an accomplished psychologist himself, Francis Cecil Sumner was a _____blank increasing the opportunity for Black students to study psychology, helping to found the psychology department at Howard University, a historically Black university, in 1930.

Which choice completes the text with the most logical and precise word or phrase?

A. proponent of

B. supplement to

C. beneficiary of

D. distraction for

---

3.26 758374f8-0324-4012-a445-1bb676be80fe · Medium

Yanzhe Fu et al. suggest that the extinct aquatic insect *Karataviella popovi* utilized a brood care strategy that mitigated the risk of oxygen deficiency. This determination rests on the researchers' analysis of fossils uncovered at a particularly _____blank site: China's Haifanggou Formation, which has yielded a vast diversity of fossils, including those of long-proboscid scorpionflies.

Which choice completes the text with the most logical and precise word or phrase?

A. fruitful

B. unassailable

C. obscure

D. quantified

---

The following text is from a 1955 translation of Samuel Beckett's 1951 novel *Molloy* (translated by the author and Patrick Bowles). In the text, Molloy has arrived at the town ramparts, an elevated walkway atop the city walls.

> And having cleared the ramparts I had to confess the sky was clearing, prior to its winding in the other shroud, night. Yes, the great cloud was ravelling, discovering here and there a pale and dying sky, and the sun, already down, was manifest in the livid tongues of fire darting towards the zenith, falling and darting again, ever more pale and languid, and doomed no sooner lit to be extinguished.

©1955 by Grove Press, Inc.

As used in the text, what does the word "manifest" most nearly mean?

A. Realized

B. Perceptible

C. Situated

D. Dwindling
